Kwik-Bite Senso

Universal sensor holder for horizontal bite wings.

The Kwik-Bite Senso is a universal sensor holder for direct digital imaging of horizontal bite wings. For the patient, the Kwik-Bite Senso offers greater comfort thanks to its optimised bite plate (2.5 mm). The rubber-covered clamps prevent slippage, while a frictionless cogwheel segment enables individual adaptation. The ergonomic release button allows safe removal and quick reuse.

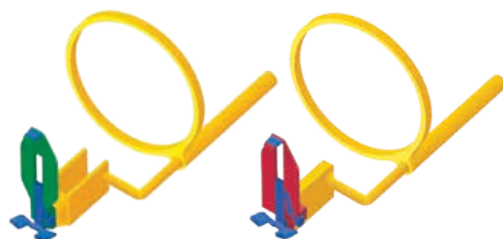

Compatibility

Thanks to its self-centring clamping device, the Kwik-Bite Senso is compatible with all commonly used brands, types and sizes of sensors.

Kwik-Bite Senso Standard Kit

Contains: 4 x Kwik-Bite Senso with Ring; 1 x Centring Device.
